RE: Follow up from todays call

Thanks Sarah. Greg Lovato shared a response to Gene (attached) with NDEP perspective on the CIP so I think we are on the same track with BLM as far as timing.

Hi Angeles,

Here are the answers to Gene's questions:

1. We need to make it clear that it is **not** a Communications Plan, but a Community Involvement Plan. The goal of the plan is to lay out how EPA, along with NDEP and BLM, will work with the community and keep the community engaged and informed throughout the cleanup process. A "Communications Plan" implies a strategy that is primarily press-focused and relies on pushing information out- this is not the purpose of the Community Involvement Plan.

2. It will be several months before we have a draft CIP ready for review. The CIP interviews are a key piece of the CIP and will not be conducted until August. All agencies will be given a period of time to review the document before we publish it. The CIP is a living document and therefore is expected to change over time, as the community changes.

3. Not sure what fact sheet/Q & A he is referring to, but the CI Working Group has discussed writing a fact sheet to give an overview of the Superfund process and potentially focus on OU8. This will be discussed in Thursday's CI call.

4. All agency representatives in the working group have the responsibility to review CI documents and pass through their agency's respective channels. We will agree on deadlines as a group. Dave Davis has been invited to the upcoming working group call.

Thanks,

Sarah

Hi Gene,

These are all good questions and I don't have the answers. I suggest that each of us follow up with the members of the Community Involvement workgroup and report back at our next Thursday's call. Angeles

Hi

Thanks for the update. Do you know when we will be able to review the Communications Plan? And were you able to gain insight on the Fact Sheet and/or Questions/Answers that we have discussed in the past. The reason being I do believe all three agency's and legal counsel's will want a review role and approval. And for BLM, we will also have to share with our WO BLM. Dave, were you able to be on the past call to further assist Lisa with background and history of the project and the steps forward?

Cheers and Happy Friday

Gene

CI update:

-Public meeting venue secured for August 16;

-Workgroup met to discussed CIP:

Action item: BLM and NDEP to review current CIP and provide ideas on what they would like to change on the next one;

Team plans to conduct interview the same week of the public meeting, 8/15

Next workgroup call is next Tuesday, July 12

Let me know if you like additional info. Thanks. Angeles
